Installation Instructions

12. Tighten bolts:

Secure each bolt with special adhesive. Reccomend: Loctite.
Tighten bolt G to 25Nm, H and I to 50Nm.

IMPORTANT

After installation of your tail tidy ensure that the license plate does not contact the rear tyre when suspension is fully compressed.

It is recommended that periodic inspections are made to ensure that all bolts are tightend.

Should the bike be involved in an accident a thorough inspection should be made and any components that have taken an impact, no matter how small, be replaced.

The manufacturer or supplier cannot be held responsible for products that are incorrectly mounted or inappropriately used.

It is recommended to check all connections regularly for tightness of fit.

Ensure all electrics including indicators, tail light, brake light and licence plate light lights are working correctly before riding the motorcycle.

**NOW YOU ARE READY...
TO ROCK THE STREETS!**
